

Your EC Premium Launch

ec by go1

Unlock the full potential of your team with a tailored EC Premium Launch, and let us support you every step of the way.

ESM LAUNCH

Let your dedicated Education Success Manager join you in launching your new Professional Learning Community!

They can provide support in the following ways:

Focused Meeting

Dedicate a full meeting to launch.

- On Zoom/Teams
- About 20 min with your ESM
- At least 30 min afterwards for staff to explore and engage in targeted PD of their choice

Covering:

- What EC Premium is and why the school/org has purchased it
- How to log in
- Tips and tricks to help your staff get the most out of it
- Goal setting
- Call to action: time to do some learning!

Agenda Item

Incorporate a launch into your meeting.

- On Zoom/Teams
- About 15-20 min with ESM (in between your other agenda items)

Covering:

- What EC Premium is
- How to log in
- Tips and tricks

Note: for this option to work well, we recommend that the school/org elaborates on their goals and includes structured activities (e.g. break out groups or Hub Champions) to get staff engaged with the Hub directly.

Integrated PD

Launch alongside professional learning.

- On Zoom/Teams
- About 45-60 min with your ESM
- A blend of structured, short, introspective PD activities with your Hub Launch integrated in between
- At the end, learning is either assigned in the Hub, or staff have time to complete related PD in their new hub

Example PD:

- Learning Intentions and Success Criteria

DIY LAUNCH

Don't need your ESM there? No problem!

Your ESM can provide you with a customisable PowerPoint presentation that includes a variety of slides and videos, which you can use to supplement your other material.
